

**Village of Hainesville
Wetland, Open Space and Woodland Committee
September 8, 2011 Meeting Minutes**

Meeting opened at 7:10 pm at the village hall.

Attendees: Georgeann Duberstein, Trustee and committee chairperson, Trustee Gary Walkington, David Criz, George Duberstein, Mike Peterson, Thomas Bergonzini, Dave Coulter

Minutes of the July 7th meeting were read and approved.

Old Business: Congratulations to Mike Peterson for removal of Sandbar Willows at north end of the Misty Hill North Pond.

Mike Peterson reported that the Hainesville Clean Up was successful. The National Honor Society students from Round Lake Area High School and Grayslake Central High School were very helpful.

A list of projects for Public Works was created:

1. Erosion project at the north side of Cranberry Lake
2. Mowing behind Heritage and Brittany, along Hunters' Way

Mayor Soto prefers that we don't install posts and chains in Cranberry Lake woodlands.

It was suggested that a note be placed in the village newsletter reminding people who walk the Cranberry Lake path to report dumping to the village.

Russ Kraly, the village building inspector, will issue warnings and tickets to Tall Oak residents who are mowing the conservancy property behind their lot.

Dave Coulter gave an update on stewardship of Cranberry Lake.

New Business: New wood chips are needed for the Cranberry Lake path. We will look in to having community service people or work release people help with the wood chip project because it is so labor intensive.

Next meeting is November 3rd.

Meeting adjourned at 8:09.

Respectfully submitted,

Georgeann Duberstein, chairman
