

**PUBLIC WORKS COMMITTEE MEETING MINUTES**

March 9, 2011

Opened 6:30 pm

Present, Jeff Gately, Gary Walkington and Greg Gruen.

Business

Approval of February Meeting Minutes.

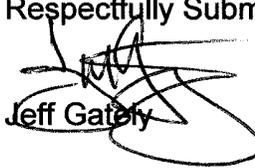

The draft of the pavement study conducted throughout the Village is complete. We will discuss the finding with the board of Trustees and implement a course of action.

The committee wants to review the current garbage contract to see when it expires and also if there is a fuel surcharge if fuel costs surge over a certain dollar amount.

The committee also wants to review the contract between Native Restoration and the Village in regards to Cranberry Lake. We think that this may be the last year of the contract.

Adjourned 7:45pm.

Respectfully Submitted

  
Jeff Gately
