

PUBLIC WORKS COMMITTEE MEETING MINUTES

November 9, 2011

Opened 6:30pm

Present: Jeff Gately, Gary Walkington, Walter Kreise and Terry Grom.

Approval of October meeting minutes.

Business.

We received quotes to install generators at Village Hall and Public Works. The committee is researching any available grants that may fund all or a large portion of the project.

Manhard has been instructed to start preparing specs to have the water tower repainted this spring.

Terry Grom is going to talk to Greg Gruen about our upcoming MFT road program. We are looking to see how much of the subdivision can be completed for \$200,000.00.

I will be reviewing the current contract with Native Restoration. It is set to expire in 2012. We need to know exactly what has and has not been completed per the contract.

The alternative energy draft review is in progress. Looking to have public hearing in January.

Adjourned 7:45

Respectfully Submitted

Jeff Gately
