

Hainesville EMA Meeting 4-18-2012

Attending,

Mike Benko

Jeff Gately

Dan Moran

Wally Kreeise

Mark Typlyn

A) Public portion / Discussion

1) Water purification continued,

Steripen is an awesome item

A) hand out continued, steripen can be purchased as a group for us in the EMA

2) boil order follow up boiling works best

3) Chlorine bleach in a visine bottle (mark it) for go kit.

4) Ultra Violet is a great emerging technology

5) Mike will be discussing water purification ,boil orders and notification options for radio stations , will research radio stations WKRS has changed formats options include WBBM, 1050 WLIP in Kenosha and our warning siren will do voice announcements / through cen com/ Door to Door / and HAM Broadcasts door hangers will be designed and bought

Comcast and CLTV

Boil order street signs in DPW (14) total

DPW has POTABLE water on the secondary well on property

needs generator or uninterrupted power

Also discussed solar sheets power that was researched by Kevin Barrett

Dan also has a harbor freight solar unit for running laptops and small appliances

OK Public session is closed 20:00 hrs
