Old Business:

Update to the Website for the Public Safety page.

A meeting has been set for 2-28-12 after the board meeting, with the Mayor and Trustee Kriese to discuss what can be done.

Trustee Daley has called Pace on shoveling the snow to gain access to the westbound shelter on Belvidere Rd. He informed us that access to the shelter is done by Pace but it is not a top priority. Trustee Kriese talked with Mayor Soto who stated that she will have Jeff Gately look to see if anything the Village could do.

Also, Pace was questioned what it would take to get an additional shelter built on the eastbound side of Belvidere Rd? Their response was that they would get back in touch with Trustee Daley. No response yet.

The concern with the bike path safety brought up by Resident Mark Typlin will be addressed as soon as the Safety Committee walks the path to see what, if anything can be done.
