

PUBLIC SAFETY COMMITTEE REPORT

DATE: August 28,2012

TIME OPENED: 6:15 pm

PRESENT: Trustee Kriese and Trustee Daley

Old Business:

Website was updated but the monthly safety tip has not been implemented.

New Business:

Trustee Kriese reported on a safety issue when exiting the subdivision on Big Horn Dr going east. The landscaping at this corner has started to block the view of the bike path and also Hainesville Road. He suggested we contact Jeff Gately to we see whether this is private property or public property and how we can open up the sight lines at this intersection to make it safer for all.

Trustee Daley asked if stop signs could be installed to help with this issue of bikers coming into the intersection before looking. That couldn't be done do to the proximity of Hainesville Road to the bike path.

Discussion was had on this month's safety tip, school bus safety, texting and driving.

TIME CLOSED: 6:30 pm
