

PUBLIC WORKS COMMITTEE MEETING MINUTES

March 14, 2012

Opened 6:30pm

Present: Jeff Gately, Gary Walkington, Walter Kriese and Terry Grom.

Approval of February meeting minutes.

Business.

We are out to bid for the water main extension. Due to the mild winter we have a large surplus of salt. Unfortunately, we still have to purchase 85% of our allotment. The committee feels that we should order less salt for the upcoming season.

We are currently getting equipment ready for the summer season.
