

PUBLIC WORKS COMMITTEE MEETING MINUTES

August 29, 2012

Opened: 6:40pm

Present: Jeff Gately, Gary Walkington, Walter Kreise, Terry Grom and Rick Leber.

Approval of June and July meeting minutes

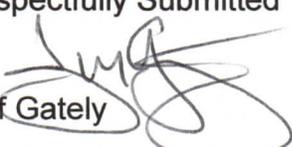

Business:

The water tower project is ready for bid. We will put the bid notice in the paper. We may want to close the park while the project is underway. We will also need to notify the cell tower companies that are located on the tower about the project. There are a couple of different options that we can use for the paint. There is a paint that is available with a 10 year warranty against chalking and fading. We may want to go that route depending on the extra cost.

Adjourned 7:50 pm

Respectfully Submitted

APPROVED

Jeff Gately
