

PUBLIC SAFETY COMMITTEE REPORT

DATE: July 22,2013

TIME OPENED: 6:00 pm

PRESENT: Trustee Kriese and Trustee Daley

Approval of the June 25,2013 meeting minutes.

Old business:

The permit for the Tall Oak pedestrian crossing RRFB was submitted around June 26, 2013. Minor changes were needed. Talked with Mayor Soto, Greg Gruen and Jeff Gately on July 18, 2013 to finalize the changes and project installation. Final approval was given to place the order for the RRFB from Tapco per quote submitted.

Mayor Soto verbally answered our questions submitted to her on the police patrols. We asked about how much time is spent with the village on any given patrol with some 341 patrols performed during May? She replied back that will vary by what the officer is called upon to do, whether an assist or police escort. Also, other policing matters might need to be taken care of such as reports. She indicated that Eric Soderholm will try to include time spend, within his yearly police report.

Reviewed and discussed the police report from June.

Discussed requesting Jeff to install the Back to School signs just before school begins.

TIME CLOSED: 6:20 pm

W Kriese
