

PUBLIC WORKS COMMITTEE MEETING MINUTES

December 11, 2013

Meeting opened at 6:30pm

Present: Jeff Gately, Gary Walkington, Walter Kriese, Terry Grom and Steve Zehner

Business:

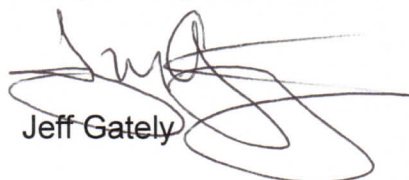

Approval of November meeting minutes

Terry Grom reported that beginning January 1, 2014, the entire water staff at Manhard consulting is moving to Robinson Engineering. This is a mutual agreement between Manhard and current water staff. Terry has brought Steve Zehner in to meet us and give a brief history about Robinson and what they bring to the table. The current contract with Manhard expires in April 2014. The remainder of the contract will be assigned to Robinson. We will go out to bid for water operation services in the next Month or so.

Jeff Gately has reported that we have leased a drivable machine that we can do the Village sidewalks with. It will cost \$900.00 for the season. We have had a fairly decent amount of snow so far. Plowing operations are running smoothly.

Meeting closed at 8:30pm

Respectfully Submitted

Jeff Gately
