

PUBLIC WORKS COMMITTEE MEETING MINUTES

June 10, 2014

Opened 6:30pm

Present: Jeff Gately, Walter Kriese, Gary Walkington and Terry Grom

Approval of April and May meeting minutes

Business.

We are out to bid for our street resurface program for cranberry lake.

We are putting together a street light bid as well as a snow plow bid package. We are hoping to be out to bid on these items very soon.

The lisk drive project had come along very well. Diemer plumbing should be done with this by the end of the week.

The new trees that have been installed seem to be doing well. We are maintaining gator bags twice weekly.

We intend to start this years tree removal project the first week of July.

Adjourned 8:15pm

Respectfully Submitted

Jeff Gately
