

PUBLIC WORKS COMMITTEE MEETING MINUTES

December 10, 2014

Opened 6:30pm

Present: Jeff Gately, Terry Grom and Walter Kriese

Approval of November minutes

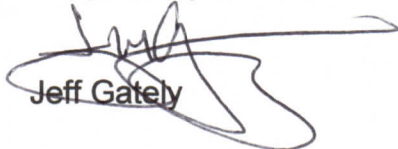

Business.

Terry Grom reported that the water system is functioning very well. With the cold weather eventually arriving, he is suggesting that we put a blurb in our newsletter about keeping heat on if your out of town to avoid pipes freezing.

I am working on the Public Works budget for next fiscal year. The first draft is due by January 9, 2015.

Adjourned 7:30

Respectfully Submitted

Jeff Gately
