

PUBLIC WORKS COMMITTEE MEETING MINUTES

March 11, 2015

Meeting opened at 6:30pm

Present: Jeff Gately, Wally Kriese, George Duberstein, Dena Hein and Terry Grom

Business:

Terry Grom reported that the water system was functioning well. We did have an inspection from the IEPA on February 19th. The inspection went well, there are a few items that we need to correct, none that regard the quality of the water. We will address those items within the next week or so and send a compliance form back to the IEPA.

I am pleased that the finance committee is heeding our recommendation and letting us install new fountains in the ponds. This is the most sensible way to proceed since Clarke will be handling all of the maintenance as well as installation and removal. We are hoping that the upcoming budget holds it ground.

Meeting closed at 8:10pm

Respectfully Submitted

Jeff Gately
